Description of the hotel

BOSCOLO HOTEL BARI, FIVE STAR HOTEL IN BARI - Bari, the bridge between East and West, two millennium of history and culture, which combines history, spirituality and modernity. Bringing the legendary Grand Hotel delle Nazioni back to life, thanks to a facelift that combines the original charm of its glorious past with the latest trends in contemporary luxury lifestyle, Boscolo Bari redefines the city 'waterfront' with a fresh image. The Mediterranean colours of its interiors make the sea an icon, an unbreakable bond between tradition and modernity. Bright surfaces, mirror effects, light blue and orange tie and blend the hotel with the city that surrounds it, rediscovering its original identity from a dynamic viewpoint. Rooms and Suites, perfectly measured, attention and delicacy in the furnishing and lighting design create harmonic textures and unique shades. A seductive and prestigious setting, where the most innovative solutions harmoniously blend with the historic structure. The Mediterranean tones of the sun, land and sea are predominant, an elegant and essential style in order to experience spaces where interior design is an extension of the imaginary; a format that recreates different settings with a new and coherent language.
