

lush experiences

We are a proud member of Leading Hotels of the World and an exclusive address on Mykonos, poised on the foothills of Elia Bay, immediately above the aquamarine waters and famously fine sand of our private beach. Rising up from the rustic stone walls that anchor it into the gentle slope, the Imperial's majestic white profile commands infinite views that merge almost imperceptibly on the horizon line. The same sense of spaciousness defines our accommodation and interior - an oasis of white, offset by touches of warm wood and quirky design details. Everywhere, openings onto the expanse of sea and sky are invitations to move seamlessly between in-and-outdoors, and discover the many secret lookouts, the luxury spa, our gourmet restaurants and the entertainment deck with its seawater pool and seductive bars.
