

A singular place of amazing beauty suspended between sky, earth and sea, the Myconian Avaton Resort seems to miraculously grow out of the bare rock of the famed Elia Beach, formed equally by the workings of nature and by the art of man. But Avaton is much more than a unique location. It's that special place where strong impressions become deep emotions; where unpretentious luxury, exquisite style and absolute privacy are taken to a new dimension. Much more than a luxury beach resort, Avaton is a haven of best in class accommodations, exclusive spa privileges and supreme personal, heart-felt services that explore the uncharted reaches of genuine hospitality.
