

Myconian Kyma, a member of Design Hotels, reflects the sun in a mystical 'hide and seek' game, right between the straight lines and the curves of the Cycladic architecture. Neither superficially trendy nor traditionally ordinary, it is soothing and yet utterly spoiling. Its striking rooms and suites are exquisitely designed and decorated – some of them with their own private pool overlooking the deep blue and even more with private, delightful Jacuzzis. The restaurant offering an authentic Mediterranean orientation, the hip bar located by the main pool with a panoramic view over this iconic island and a state-of-the-art spa for long, comforting sessions is just the beginning of a wonderfully lavish experience. Anything can happen here in the elegant chic side of the Myconian life.

Dining

One of the most heart-warming sights of this luxury hotel is the endless **Breakfast buffet** with a surprisingly and utterly delicious variety of tastes: organic eggs prepared in every possible way, bread and patisserie delights coming straight from our kitchen, the finest homemade marmalades, honey and cereals, fresh juices and smoothies, fruits and vegetables from our own farm, with a touch of carefully selected international and exotic ingredients. And that's just the beginning for a good day's start under the Myconian sun.

At **Kalypso Fine Dining Restaurant**, Mediterranean heritage is open to new ideas and challenging culinary creativity in a most elegant and comfortable ambience. The rich flavors and the distinctive aromas of Mediterranean haute cuisine are blending in with the finest raw materials produced locally and exclusively for Kyma. After being carefully selected by the chef, an imaginative journey begins as to create only the freshest dishes with a twist; mingling tradition with contemporary food and innovative cuisine.

George's Bar is the place-to-be at Myconian Kyma, if you like a lively vibe but with an elegant flair. Notoriously hip yet surprisingly unpretentious, with its own patrons from dusk till dawn. Just because it has it all; coffee is exquisite from the traditional Greek to latte macchiato and the refreshing cappuccino freddo; juices and refreshments seem cooler than ever; specialty cocktails rock and the shareable platters from the menu are simply irresistible. As for the friendly bartenders and the impeccable staff, they'll make you want to join in at a glance.

All of the ingredients are either produced in the **private farm** or locally and exclusively for them, by well-trusted professionals.
