

VILLA D'ESTE

Set on the banks of one of the most romantic lakes in the world and just north of Milan, Villa d'Este, member of Leading Luxury Hotels, was built in 1568 as the summer residence of Cardinal Tolomeo Galio. The property comprises 25 acres of gardens, whose statues and landscape have been photographed for centuries. The favorite playground of an Empress, an English queen and aristocrats, it was transformed into a luxury hotel in 1873.

Continuously renovated and updated, without sacrificing any of its heritage, Villa d'Este today offers 152 rooms, all different in decor but linked by the superior standards of hospitality that you expect from one of Europe's truly legendary resorts. There are also four beautiful private villas - Villa Malakoff, Villa Cima, Villa Garrovo and the Mosaic House - located in the park of the Hotel: guests will enjoy all of the facilities and amenities of the Villa d'Este while maintaining the privacy and exclusivity that a private villa can offer.
