Introducing DEOS from Myconian Collection

Opening May 10, 2024

We are proud to announce the opening of the 12th member of the Myconian Collection in Mykonos simply called DEOS (pronounced Theos) by Myconian. Deos is a term in Greek that means in awe, a feeling of reverence of a god or divine being. The site where this new haven is built provokes this very special sense with its magnificent position on the hillside overlooking the blues of the Aegean Sea and other islands including Delos, where civilization began. Words do not describe the intangible feeling.

Beginning May 10, the newly crafted must-see resort will bring awe to those who visit. With its hillside location, Just a 5-minute walk down the newly stone paved path to Chora, a.k.a. Mykonos, Town, the panoramic views to the horizon exude senses of escape, luxury, exclusivity. Sunsets and starry nights on the deck are without equal. The immersion in nature is enhanced by the energies of water, natural stone and indigenous landscaping which are harmonized by a contemporary Cycladic architecture. Connecting inner and outer spaces in every sense of the term, Deos invites guests to transformative experience, curated with a passion for mindful hospitality and all that is authentic about Mykonos.
